Year 3 Trip to the Verulamium

Year 3 visited the Verulamium museum last week, as part of their Roman topic. They investigated Roman artefacts and saw Roman mosaic floors! They learnt more about the Roman lives and what inventions the Romans used that we still use today. They even had the opportunity to dress up like Romans and experience a Roman market. Nora said that she liked looking at Roman letters and Yousef said that he liked the fact that he could see lots of old and cool Roman objects! Well done year 3 for a very successful trip! Hajira said, 'she liked looking at the old Roman floors'

Active Travel Challenge

We love to see children coming to school in healthy and sustainable ways, but please remember that **bicycles and scooters must not be ridden on school premises**. This is dangerous as there are lots of children and families of all ages on the playground at that time. Thank you.

Personal Items in School

Children do not need any personal items in school and therefore these should be left at home. If personal items which are valuable come into school they are often lost, damaged or stolen. School cannot accept any responsibility for these items and dealing with issues gets in the way of children's learning. This is true even for small items. Thank you for your support.

Nursery Places for September: Is your child 3 years old or turning 3 before the 31st August?

Please remember to put their name down for our school nursery to start in September (see the school office).
