Friday 19th January 2024

Year 2 Learning

In Year 2, we have been learning about how to measure length of a range of items and weight the mass of objects in maths. We used metre sticks, rulers, and other tools to measure and compare the size of objects around the school. We also used our measuring skills to find out who is the tallest and shortest in the class. Maryam L in Lime class said, "I found out that the door is taller than the whiteboard when I measured it with a metre stick." We used the learning behaviour of the week to make links between measure and the four operations to solve word problems. "It was a challenge but fun to use bar models with the right units" said Ibrahim from Year 2 Sycamore. We look forward to beginning our topic on money next week.

Parent Governor Election

We are looking for a new parent governor to join our governors. **Nominations are open until 3.30 pm on Wednesday 31st January**– forms have been sent home and additional forms are available from the school office. Please contact the school office if you have any questions or to discuss the role further.

Upcoming Events

Year 6 SATs meeting: find out all about the coming tests and how to support your child.

Thursday 25th January at 2.45pm or 5.30pm

Year 5 Transition Meeting: Important information on applying for secondary school

Thursday 8th February at 9.00am

Parent Survey

We are looking at ways to improve playtimes for our children at school and will be working with an organisation called OPAL (Outdoor Play and Learning) to create a more exciting play experience for the children. Before we start, we want to know what you as parents and carers think about play, particularly the play experience for children at playtimes and lunchtimes.

We want to hear from as many of you as possible, so please take a few moments to complete the survey by clicking on the link below.
