

West Twyford Primary School

Relationships Education Policy

Last reviewed on:	Spring 2023
Next review due by:	Spring 2025
Approved by:	Teaching and Learning Committee

1. Rationale

Definition:

The following policy refers to Relationships Education at West Twyford Primary School.

We define Relationships Education as learning about caring friendships, families and people who care for me, respectful relationships, online relationships, being safe, growing up and puberty. Sex Education is also covered in Relationships Education and well as aspects of sex education being covered in the National Science Curriculum (see appendix 1). Sex education is defined in this policy as preparing boys and girls for the changes that adolescence brings and the scientific process of how a baby is conceived and born.

Relationships Education provides an excellent forum to provide pupils with life-skills that will enable them to make informed decisions and protect themselves against harmful and exploitative situations. Relationships Education is therefore a tool to safeguard children.

Relationships Education contributes to the foundation of PSHE and Spiritual, Moral, Social and Cultural (SMSC) development and offers a valuable vehicle for promoting equality between individuals and groups. It involves an exploration of human and social diversity, and a fostering of self-worth whilst recognising, accepting and respecting differences.

Aspects of Relationships Education are taught as an integral part of the school's PSHE provision throughout the primary school from Reception to Year 6. In this way, children are able to develop their ideas, knowledge and skills gradually and appropriately in a non-threatening environment.

Relationships Education and Ofsted:

The 2022 Ofsted framework states:

We will expect the school's relationships, sex and health education (RSHE) curriculum (and wider curriculum) to specifically address sexual harassment, online abuse and sexual violence. The curriculum should also address safeguarding risks (including online risks), issues of consent, and what constitutes a healthy relationship both online and offline. We will also expect schools to provide effective pastoral support. This includes being alert to factors that increase a child's vulnerability, or potential vulnerability, such as mental ill health, domestic abuse, having additional needs, and being at greater risk of exploitation and/or of feeling unable to report abuse (for example, girls and lesbian, gay, bisexual and transgender children).

The 2022 Ofsted framework also states:

Relationships education is compulsory for all primary school pupils and relationships and sex education is compulsory for all secondary school pupils. Health education is also compulsory for pupils in state-funded schools only.

If a school is failing to meet its obligations, inspectors will consider this when reaching the personal development judgement and leadership and management judgements.

Moral and Values Framework:

The Relationships Education Policy will be sensitive towards the established morals and values framework of all the major world religions and philosophies. In its implementation, it will draw from the practical experiences of those who represent the various religious and philosophical groups within the local community. The Relationships Education Policy will be complimentary with the Religious Education Policy of our school.

2. Statutory Requirements

Schools are required to comply with relevant requirements of the Equality Act 2010. Further guidance is available for schools in The Equality Act 2010: advice for schools. The DfE guidance states that schools should pay particular attention to the public sector equality duty (PSED).

Under the provisions of the Equality Act, schools must not unlawfully discriminate against pupils because of their age, sex, race, disability, religion or belief, gender reassignment, pregnancy or maternity, marriage or civil partnership, or sexual orientation (collectively known as the protected characteristics). Schools must also make reasonable adjustments to alleviate disadvantage and be mindful of the SEND Code of Practice when planning for these subjects.

As a maintained primary school, we must provide Relationships Education to all pupils as per section 34 of the Children and Social work act 2017. We are required to teach the elements of sex education contained in the science curriculum. Our school also delivers sex education as part of Relationships Education. Parents can withdraw from sex education lessons (see section 8).

In teaching Relationships Education, we must have regard to guidance issued by the secretary of state as outlined in section 403 of the Education Act 1996.

At West Twyford Primary School we teach Relationships Education as set out in this policy.

3. Policy Development

This policy has been developed in consultation with staff, governors, pupils and parents. The steps taken to review the policy are as follows.

The Department for Education and Ofsted have clearly outlined aspects of Relationships Education that are statutory in all primary schools, therefore some recommendations or comments made during the consultation process may not be reflected in the final policy as our school has to ensure we are meeting statutory guidelines.

Review —The school's Senior Leadership Team, with the PSHE lead, reviewed the existing Relationships Education policy as well as local and national guidance for Relationships Education. They then reviewed the Relationships Education policy reflecting any advice and changes at local and national level.

Staff consultation – Staff were consulted via an online Relationships Education staff survey. The results of this survey informed the policy development and also informed additional support needed to enhance the delivery of Relationships Education. All staff were sent the draft policy and invited to offer feedback.

Parent consultation - Parents were consulted via an online Relationships Education survey and Relationships Education parent workshops. Parents were given the opportunity to view the policy and offer comments/suggestions.

Pupil consultation – We consulted with pupils via the 2019 Health Related Behaviour Survey. The results of this survey were then used to inform the policy and inform the delivery of Relationships Education in our school.

Governor consultation - Governors were consulted on this policy via a governor meeting. All governors were sent the draft policy and were then invited to comment on the policy and make suggestions/amendments.

Ratification –The policy was ratified by the governing body on **30th January 2023**.

This policy will be reviewed every two years. This policy will be next reviewed **in January 2025**.

4. Aim and Objectives

The aim of this policy is to enable the effective planning, delivery and assessment of Relationships Education.

The aims of Relationships Education at our school is to:

- Develop pupils' confidence in talking, listening and thinking about feelings and relationships;
- Teach pupils the correct vocabulary to describe themselves and their bodies;
- Prepare pupils for puberty so they understand the basic changes that happen during puberty;
- Pupils will understand how to keep their bodies healthy and clean;
- Pupils will understand how to keep themselves and their bodies safe;
- Help pupils develop feelings of self-respect, confidence and empathy;
- Help pupils to understand issues of sexual harassment;
- Help pupils to understand issues of consent;
- Help pupils recognise healthy friendships both online and offline;
- Provide a framework in which sensitive discussions can take place;
- Foster respect for the views of other people

5. Equal Opportunities

West Twyford Primary School believes that Relationships Education should meet the needs of all pupils. Our school is committed to the provision of Relationships Education to all pupils and the differing needs of boys and girls.

We also recognize that there are factors that increase a child's vulnerability, or potential vulnerability, such as mental ill health, domestic abuse, having additional needs, and being at greater risk of exploitation and/or of feeling unable to report abuse (for example, girls and lesbian, gay, bisexual and transgender children).

All staff are expected to give every pupil the chance to experience, participate and achieve the understanding of Relationships Education. Equal time and provision will be allocated for all groups but there may be occasions where children with special educational needs (SEND) are given extra support. The planning and organising of teaching strategies will be consistently reviewed e.g. through lesson observations to ensure that no pupil is disadvantaged.

6. Delivery of Relationships Education: Content, delivery and training

Content:

Relationships Education is taught within the personal, social, health and economic (PSHE) education curriculum. Our school uses the Ealing PSHE scheme of work to deliver PSHE and Relationships Education. Biological aspects of Relationships Education are taught within the science curriculum, and other aspects are also included in health education. A breakdown of what is covered in Science, Health Education and Relationships Education can be found in appendix 1.

The main aspects of Relationships Education are covered in the Summer Term as part of PSHE (See appendix 2) however many aspects of keeping safe, good and bad touch, healthy friendships, online safety, peer pressure, saying no, the PANTS rule, families and people who care for me are taught throughout the school year to ensure a consistent spiraling approach to keeping safe.

Relationships Education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

The above points are covered in an age appropriate way from EYFS to Year 6 (see appendix 2 for more detail). These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

The changing adolescent body (puberty) is covered in years 4, 5 and 6. It is covered at this age to ensure children are prepared for the emotional and physical changes that will happen during puberty. Puberty is part of the statutory Health Education curriculum (see appendix 1).

Sex education is covered in year 6 only. These lessons will focus on preparing boys and girls for the changes that adolescence brings and the scientific process of how a baby is conceived and born.

For more information about our Relationships Education curriculum, see appendix 2 and 3. Appendix 2 outlines the learning objectives for Relationships Education and appendix 3 outlines the vocabulary our school uses during these lessons.

As part of the PSHE curriculum our school delivers lessons on Female Genital Mutilation (FGM) to pupils from year 3 to year 6. These lessons are designed to raise pupils' awareness of appropriate and inappropriate touch, including FGM. For more information on the content of these lesson, please contact the school office.

Delivery:

Relationships Education will be delivered by a member of school staff, usually the child's class teacher. If an external visitor is delivering all or aspects of Relationships Education, parents will be informed.

Relationships Education is delivered in mixed gender groups other than when it is deemed more appropriate for topics to be covered in single sex groups. For those lessons in Year 5 and 6, children are taught in single sex groups.

Relationships Education will be assessed as part of the wider PSHE curriculum.

Staff are aware that views around Relationships Education related issues are varied. However, while personal views are respected, all Relationships Education issues are taught without bias. Topics are presented using a variety of views and beliefs so that pupils are able to form their own, informed opinions but also respect others that may have a different opinion.

Both formal and informal Relationships Education questions arising from pupils are answered according to the age and maturity of the pupil(s) concerned. Questions may not always be answered directly and can be addressed individually later. The school believes that individual teachers must use their skill and discretion in this area and refer to the Child Protection Lead if they are concerned.

The following are protocols teachers follow for discussion ('Ground Rules')

- No one (teacher or pupil) will have to answer a personal question
- No one will be forced to take part in a discussion
- Only correct/agreed names for body parts will be used
- Meanings of words will be explained in a sensible and factual way
- The use of a question box may help to lessen embarrassment of asking questions
- Teachers may use their discretion in responding to questions and may say (for example):
 - The appropriate person to answer that question is your parent
 - The question can be discussed one to one after class
 - The topic will be covered at a later stage in their Relationships Education

The PSHE lead monitors the implementation of Relationships Education. This monitoring is done through book scrutiny, lesson observations, pupil conferencing sessions and staff feedback.

Relationships Education is assessed and evaluated by using the Ealing PSHE scheme of work.

Training:

Staff are trained on the delivery of Relationships Education as part of their induction and it is included in our continuing professional development calendar.

The headteacher may also invite visitors from outside the school, such as school nurses or the health improvement team, to provide support and training to staff teaching Relationships Education.

7. Child protection

There may be rare occasions when a teacher is directly approached by a primary aged child who is sexually active, contemplating sexual activity and/or is being sexually abused. In such instances, staff will follow the school's Child Protection policy.

They should contact the Designated Safeguarding Lead: Ms Kay Collum

And the Headteacher: Mr Matthew Shapland

Staff will also be referred to the:

DfE's 2022 document on 'Keeping children safe in education' - statutory guidance for schools and colleges.

[Keeping children safe in education - GOV.UK \(www.gov.uk\)](https://www.gov.uk)

Working together to safeguard children 2018

[Working Together to Safeguard Children 2018 \(publishing.service.gov.uk\)](https://publishing.service.gov.uk)

8. Partnership with Parents

The school views parents as partners in the delivery of Relationships Education. Parents will be informed about the Relationships Education program via termly year group curriculum letters.

The school will liaise with parents through

- Relationships Education workshops
- Newsletters
- School website
- Letters

The school encourages parents to discuss Relationships Education with the headteacher, PSHE lead or the child's class teacher and are invited to view materials. This policy will be available on the school website for parents.

Right to Withdraw

Parents do not have the right to withdraw their children from statutory Relationships and Health Education lessons (see outline of Relationships and Health education in appendix 1). Parents also cannot withdraw their children from the statutory National Science Curriculum (see appendix 1)

Parents have the right to withdraw their children from the non-statutory components of sex education (taught in year 6 only) within Relationships Education (see appendix 1). Requests for withdrawal from these lessons should be put in writing and addressed to the headteacher, with at least 24 hours notice. In the event of a child being withdrawn from a lesson, that child must stay in school, will be removed from the class and given other work to do until that specific lesson is over.

If you withdraw your child from sex education lessons, the school cannot guarantee that your child will not hear about the content of lessons from other pupils e.g. on the playground, walking home from school. By withdrawing children from sex education lessons, they may seek the information from elsewhere e.g. friends, siblings, the internet. These sources of information are often incorrect and unreliable and can expose children to information which is not appropriate for their age.

9. Roles and Responsibilities

The governing board

The governing board will approve the Relationships Education policy and hold the headteacher to account for its implementation.

The headteacher

The headteacher is responsible for ensuring that Relationships Education is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of Relationships Education (see appendix 1).

Staff

Staff are responsible for:

- Delivering Relationships Education in a sensitive way
- Modelling positive attitudes to Relationships Education
- Monitoring progress
- Responding to the needs of individual pupils

Staff do not have the right to opt out of teaching Relationships Education. Staff who have concerns about teaching Relationships Education are encouraged to discuss this with the headteacher.

Pupils

Pupils are expected to engage fully in Relationships Education and, when discussing issues related to Relationships Education, treat others with respect and sensitivity.

APPENDIX 1: Curriculum coverage – science, relationships education and health education

Relationships Education <i>Statutory</i>	Sex Education <i>Non statutory (year 6 only)</i>	Science <i>Statutory</i>	Health education <i>Statutory</i>
<p>Families and people who care for me</p> <ul style="list-style-type: none"> ○ that families are important for children growing up because they can give love, security and stability. ○ the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives. ○ that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care ○ that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children’s security as they grow up. 	<ul style="list-style-type: none"> ○ questions pertaining to sex or sexuality which go beyond what is set out for Relationships Education. ○ questions pertaining to sex or sexuality which go beyond what is set out for Relationships Education. ○ Sexual reproduction in humans ○ Reproductive cycle in humans 	<p>Key Stage 1:</p> <ul style="list-style-type: none"> ○ identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense. ○ notice that animals, including humans, have offspring which grow into adults <p>Key Stage 2:</p> <ul style="list-style-type: none"> ○ describe the changes as humans develop to old age ○ recognise that living things produce offspring of 	<p>Mental wellbeing</p> <ul style="list-style-type: none"> ○ that mental wellbeing is a normal part of daily life, in the same way as physical health. ○ that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations ○ how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings. ○ how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. ○ the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness. ○ simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. ○ isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.

<ul style="list-style-type: none"> ○ that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong. ○ how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. 		<p>the same kind, but normally offspring vary and are not identical to their parents</p>	<ul style="list-style-type: none"> ○ that bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing. ○ where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental wellbeing or ability to control their emotions (including issues arising online). ○ it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.
<p>Caring friendships</p> <ul style="list-style-type: none"> ○ how important friendships are in making us feel happy and secure, and how people choose and make friends. ○ the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties. ○ that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. 			<p>Internet safety and harms</p> <ul style="list-style-type: none"> ○ that for most people the internet is an integral part of life and has many benefits. ○ about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others’ mental and physical wellbeing. ○ how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private. ○ why social media, some computer games and online gaming, for example, are age restricted.

<ul style="list-style-type: none"> ○ that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right. ○ how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed. 			<ul style="list-style-type: none"> ○ that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. ○ how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. ○ where and how to report concerns and get support with issues online.
<p>Respectful relationships</p> <ul style="list-style-type: none"> ○ the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs. ○ practical steps they can take in a range of different contexts to improve or support respectful relationships. 			<p>Physical health and fitness</p> <ul style="list-style-type: none"> ○ the characteristics and mental and physical benefits of an active lifestyle. ○ the importance of building regular exercise into daily and weekly routines and how to achieve this; for example walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. ○ the risks associated with an inactive lifestyle (including obesity). ○ how and when to seek support including which adults to speak to in school if they are worried about their health.

<ul style="list-style-type: none"> ○ the conventions of courtesy and manners. ○ the importance of self-respect and how this links to their own happiness. ○ that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority ○ about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. ○ what a stereotype is, and how stereotypes can be unfair, negative or destructive. ○ the importance of permission-seeking and giving in relationships with friends, peers and adults. 			
<p>Online relationships</p> <ul style="list-style-type: none"> ○ that people sometimes behave differently online, including by pretending to be someone they are not. ○ that the same principles apply to online relationships 			<p>Healthy eating</p> <ul style="list-style-type: none"> ○ what constitutes a healthy diet (including understanding calories and other nutritional content). ○ the principles of planning and preparing a range of healthy meals.

<p>as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.</p> <ul style="list-style-type: none"> ○ the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. ○ how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. ○ how information and data is shared and used online. 			<ul style="list-style-type: none"> ○ the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).
<p>Being safe</p> <ul style="list-style-type: none"> ○ what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). ○ about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. ○ that each person's body belongs to them, and the differences between appropriate and 			<p>Drugs, alcohol and tobacco</p> <ul style="list-style-type: none"> ○ the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.

<p>inappropriate or unsafe physical, and other, contact.</p> <ul style="list-style-type: none"> ○ how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. ○ how to recognise and report feelings of being unsafe or feeling bad about any adult. ○ how to ask for advice or help for themselves or others, and to keep trying until they are heard. ○ how to report concerns or abuse, and the vocabulary and confidence needed to do so. ○ where to get advice e.g. family, school and/or other sources. 			
			<ul style="list-style-type: none"> ○ Health and prevention ○ how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. ○ about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. ○ the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn.

			<ul style="list-style-type: none"> ○ about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. ○ about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. ○ the facts and science relating to allergies, immunisation and vaccination.
			<p>Basic first aid</p> <ul style="list-style-type: none"> ○ how to make a clear and efficient call to emergency services if necessary. ○ concepts of basic first-aid, for example dealing with common injuries, including head injuries.
			<p>Changing adolescent body</p> <ul style="list-style-type: none"> ○ key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. ○ about menstrual wellbeing including the key facts about the menstrual cycle.

APPENDIX 2: Relationships Education learning objectives (taken from the wider Ealing PSHE scheme of work)

Year group	Learning objectives for Relationships Education lessons
Nursery	<ul style="list-style-type: none"> ○ To consider the routines and patterns of a typical day ○ To explain how to keep myself clean and healthy and explain why it is important ○ To identify the people in my family and explain where I can get help
Reception	<ul style="list-style-type: none"> ○ To consider the routines and patterns of a typical day ○ To explain how to keep myself clean and healthy and explain why it is important ○ To identify the people in my family and explain where I can get help
Year 1	<ul style="list-style-type: none"> ○ To understand how to keep myself clean and healthy and explain why it is important ○ To understand how I have grown and changed since birth ○ To identify the people in my family, while recognising that not all families look like mine ○ To explain where I can get help and support.
Year 2	<ul style="list-style-type: none"> ○ To explore stereotypes ○ To explain personal boundaries ○ To understand how boys and girls are different and to name boy and girl body parts ○ To understand the stages in the human lifecycle ○ To identify the people in my family, while recognizing that not all families look like mine ○ To explain where I can get help and support.
Year 3	<ul style="list-style-type: none"> ○ To understand how boys and girls are different and to name boy and girl body parts ○ To explain personal boundaries ○ To identify the people in my family, while recognizing that not all families look like mine ○ To explain where I can get help and support ○ To understand good friendships
Year 4	<ul style="list-style-type: none"> ○ To identify the people in my family, while recognizing that not all families look like mine ○ To explain where I can get help and support ○ To understand basic facts about puberty ○ To begin to understand menstruation ○ To understand good friendships
Year 5	<ul style="list-style-type: none"> ○ To explore the emotional and physical changes that occur during puberty ○ To understand male and female puberty changes ○ To explore the impact of puberty on the body and the importance of physical hygiene ○ To explore ways to get support during puberty ○ To understand what makes a family and who to turn to for help and support

Year 6	<ul style="list-style-type: none">○ To recap the male and female changes that happen during puberty○ To understand what makes a family and who to turn to for help and support○ To explore positive and negative ways of communicating in relationships○ To understand healthy relationships○ To understand the human reproductive system (<i>parents can withdraw children from this lesson. See section 8</i>)
---------------	---

APPENDIX 3: Relationships Education vocabulary

Below is a list of vocabulary from Relationships Education lessons. Vocabulary from each year group is carried forward to the next year group (e.g. year 3 vocabulary will be revisited in year 4).

Year group	Vocabulary
Nursery	<ul style="list-style-type: none"> ○ Routine ○ Clean ○ Healthy ○ Washing ○ Family ○ Help ○ Support
Reception	<ul style="list-style-type: none"> ○ Routine ○ Clean ○ Healthy ○ Washing ○ Family ○ Help ○ Support
Year 1	<ul style="list-style-type: none"> ○ Clean ○ Hygiene ○ Healthy ○ Family ○ Grown ○ Changed
Year 2	<ul style="list-style-type: none"> ○ Different ○ Similar ○ Penis ○ Vagina ○ Stereotype ○ Private ○ Boundaries ○ Girl ○ Boy ○ Male ○ Female ○ Baby ○ Adult ○ Toddler ○ Child ○ Elder
Year 3	<ul style="list-style-type: none"> ○ Differences ○ Personal space ○ Personal boundaries ○ Good friendships ○ Peer pressure

	<ul style="list-style-type: none"> ○ Unhealthy friendships
Year 4	<ul style="list-style-type: none"> ○ Body change ○ Puberty ○ Testicles ○ Nipple ○ Pubic hair ○ Breast ○ Menstruation ○ Period ○ Fallopian tube ○ Womb ○ Egg ○ Sanitary products
Year 5	<ul style="list-style-type: none"> ○ Physical changes ○ Emotional changes ○ Body changes ○ Voice deepens ○ Body hair
Year 6	<ul style="list-style-type: none"> ○ Relationship ○ Positive and negative relationship ○ Personal information ○ Communication ○ Wet dream ○ Erection <p>Sexual intercourse lesson (parents can withdraw from this lesson):</p> <ul style="list-style-type: none"> ○ Sexual intercourse ○ Sperm ○ Egg ○ Fertilized ○ Embryo ○ embedded ○ Pregnancy ○ Birth
